13) The amount at the credit of the institution is Rs 5710-2-0 at present. But the Comptroller's figure is only Rs 2000-1-9, as it stood on 1st Aug 1921. Hence the difference between the Deputy Commissioner's & Comptroller's figures. As the works are reported to be immediate & necessary, a draft sanctioning the estimates for Rs 3535 is subd. for approval

Enclosure No. 4 file

Sir,

Adverting to your letter No 4019/Muz.398-21-2 dated 28th January 1922 observing that as the balance at the credit of Sri Tipperudraswami temple at Malkatti in the Chellakere Taluk is only Rs 2000 the estimate for Rs 3535" sub itted for the execution of certain repairs to the car &c of the deity may be caused to be revised and resubmitted, I have the honor to state that the Amildar of Chellakere Taluk in his No.586 dated 2rd instant submitted through the Sub Division Officer, Chitaldrug, reports that on verification of the Taluk

accounts it is found that the sum available at the credit of the institution is found to be Rs 5710-2-0. He further submits that every item of work provided in the estimates under reference is necessary and urgently required to be carried out and that any reduction of the amount of estimate is not possible. Under the circumstances reported by the Amildar, I request ~~~~ the favor of your sanctioning the estimate for Rs 3535 at an early date.

The enclosures received with the above are herewith returned.

Great fears were entertained this year at the time of dragging the car that some accident might happen. After careful inspection, the car was allowed to proceed for about 200 feet when it was seen that some repairs had been executed to the wheels. The Dharmadarsis have secured 4 small stone wheels for the smaller car and there may be saving in the estimate on this account.

Sir,

With reference to your letter No.2304 Muz.398-21-13 dated 16th February 1923 forwarding for opinion alternative estimates amounting to Rs.3,415/- and Rs.5,310/- for the repairs of the cars of Sri Tippe Rudraswami temple at Nalkanadatti, Chellakere Taluk, I have the honor to submit herewith a copy of letter No.C.C.1050/20-21 dated 30th August 1923 from the Deputy Commissioner, Chitaldrug District, stating that the Dharmadarsis of the temple who were consulted, are agreeable to the sanction of the Kadgirally noted

| 4. Repairing and repainting the images of the car | ... | Rs. 735/- |
| | Total ... | Rs.5234/- |

4 estimates sanctioned by the Public Works Department are proposing the cost to be met from the sum of Rs.6441-15-4 -- reported to be at the credit of the institution.

The actual balance at the credit of the institution as it stood on 30th June 1922 was only Rs.2385-4-6 as per statement received from the Comptroller.

The Comptroller has been requested to furnish a statement of balances as it stood on 30th June 1923 and on receipt of the

ways and means for meeting the cost will have to be considered. A further communication as to whether all the estimates or only some of them may be sanctioned will then be made.

Letter No.C.C.1050/20-21 dated 30th August 1920, from the Deputy Commissioner, Chitaldrug District, to the Mysore Commissioner in Mysore.

- - - -

"With reference to your letter No.C.1187/22-20 dated 12-5-1920 forwarding 4 estimates for amounts aggregating to Rs.3415/- as revised by the Public Works Department for certain repairs to the cars of Sri Tipperudraswami temple at Nayakanahatti, Chellakere Taluk and an alternative estimate for Rs.5310/- prepared by Messrs. Chitragar Lakshmiah & Son for the thorough repair of the big car and supply of a small one to the temple in question and calling for my opinion together with the views of the Dharmadarsis as to which of the estimates would suit the requirements of the temple etc., I have the honor to state that the Dharmadarsis have in their meeting held on 25th March 1920 decided that the rates mentioned in the estimate prepared by Messrs. Chitragar Lakshmiah & Son are very high, that separate estimates for the repairs of the existing 2 small cars (with rock wheels) belonging to the temple have already been prepared and that consequently there is no necessity for the small car with wooden wheels referred to in the estimate received from Chitragar Lakshmiah & Son. They are therefore not in favour of getting the repairs executed by the above firm.

2. Of the estimates in question the one for Rs.1922/- relates to the preparation of wheels and cross beams for the big car with jungle wood. But the Assistant Engineer of Chellakere Sub Division is of the opinion that the jungle wood proposed in the estimate is not very durable and that it cannot withstand the heavy weight of the car. He has therefore prepared a fresh estimate for Rs.5791/- providing for the entire renovation of the wheels and axle beams with black matti wood and this estimate has been approved by the Executive Engineer.

The Dharmadarsis have in their meeting of September 1920 considered this suggestion made by the Executive Engineer as reasonable and have resolved that the repairs of the temple car may be got executed as per estimate prepared by the A.E.D. and that the other 3 estimates amounting to Rs.1495/- for the purchase of stone wheels, fitting charges of the small car, and for repairing and painting the decorative flags etc., also be sanctioned so that the work may be taken up and finished before the car festival of the current year.

In these circumstances, I request that the 4 estimates amounting

Sir,

In continuation of this office No.C.1187 of 22-23 dated 11th July 1924 re the submission of the estimate for repairing the cars of the Sri Tippe Rudraswami temple at Nallamathi, Chellakere Taluk, I have the honour to state that the Deputy Commissioner Chitaldrug District who was asked to submit a modified estimate within the amount available at the credit of the institution reported in his letter No.R.C.1060 of 20-21 dated 7th August 1924 (copy enclosed) that repairing the big car - "intoto" at an estimated cost of Rs.3751/- as scrutinized by the Executive Engineer was quite essential. On this the Comptroller was asked to intimate the balance at the credit of the institution as on 30th June 1924.

2. According to the Comptroller's books the temple had only Rs.1-3-1 at the end of June 192 the balance according to the Special Duty Officer's figures is found to be Rs.3486-3-3 on 30th June 1924.

3. In the circumstance that there is such a wide difference between the figures of the Comptroller and those of the Special Officer it seems better to await the verified final figures on completion of the Special Duty work.

The request for the new car may however in the meanwhile be -

considered if the devotees come forward with a liberal contribution to meet the cost.

"Adverting to your memo No.C.1187/22-23 dated 11th October 1924 regarding the estimates for repairing the cars of the Sri Tipperudraswami temple at Naikanhatti in the Chellakere Taluk from contributions raised from the devotees, I have the honor to state that the Amildar had reported that there was no response to the appeal made to the devotees of the institution for contribution for the purpose. But during my tour in the Chellakere Taluk in September last, I inspected the cars and discussed the matter with the Dharmadarsis and other leading gentlemen of the village. The Dharmadarsis represented that as they had previously purchased the stone wheels required for the small car from their private funds, the sum of Rs.290/- included on this account in estimate No.111 dated 23rd November 1922 for Rs.542/- might be treated as contribution and promised to collect additional subscriptions and deposit the same in the savings Bank. A sum of Rs.240/- was also subscribed in my presence and the Amildar has since reported that the total subscriptions now come up to Rs.436/- and that this sum would be credited to the temple funds. It is represented that as the big car

car is not being utilised for the past 3 years, the Jatra has been losing its importance with the result that the usual gathering of devotees has begun to dwindle and that it is therefore very necessary to have the big car repaired very early.

2. From the enclosed copy of the Deputy Comptroller's D.O.letter dated 9th March 1925 to the Assistant Commissioner, Chitaldrug Sub Division it will be seen that the verified balance at the credit of the institution on 1st July 1924 as per Comptroller's accounts was Rs.5136/-. In the circumstances the Sub Division officer recommends

| | | |
|---|---|---|
| 1. Repairing new wheels and axle beams for the big car. | 3791- 0- 0 | that the marginally noted estimates --- aggregating to ---- |
| 2. Repairing & painting decorations & images on the big car. | 725- 0- 0 | |
| | 4516- 0- 0 | |

Rs.4516 may also be sanctioned and solicits orders to start the work in anticipation of sanction so that the big car may be made available at the next jatra in March 1926.

3. I am however of opinion that the work of repairing and painting the images may be taken up after the contributions promised on behalf of the devotees are fully recovered. But as it is not desirable to

put off the other repairs required for the big car any longer. I recommend that sanction may be kindly accorded at a very early date to the estimate for Rs.3791/- enclosed in the file, the cost of the estimate being ordered to be met from the funds at the credit of the institution.

4. The entire file of records received with the Chellakere ---- Amildar's No.M.C.8/25-26 dated 19th October 1925 is submitted herewith for reference and return."
